With its rounded shape, the Gozzo 45 is designed for safe family cruising, with all the comfort you need on board! Safe to sail and stable, it's sure to provide some great days out.

The Gozzo 45 is a model that's very much of its time, topped by a particularly successful T-top and extended by a crescent-shaped bathing platform that helps to refine the overall lines.

The 26m² cockpit has a large C-shaped settee with a table that folds out to seat eight. The boat is easy and safe to handle and the hull provides excellent stability both at sea and when stationary. A must for comfort, this model combines design, performance and tradition.

A chic and glamorous version of one of the most emblematic boats of the Napolitan harbours.

PRICE: 715 000 € Vat paid
