FRENCH

The Sunreef 80 offers unparalleled living potential, with interior and exterior spaces in perfect harmony. A clever design of deck and superstructure extends the living space, while the teak finishes, high bulwarks and classic profile of the yacht evoke a marriage of tradition and modernity.

Thanks to her innovative superstructure, the Sunreef 80 has a saloon with enormous living potential.

The gondola houses a huge relaxation area.

The foredeck offers a comfortable lounge area, sheltered from the wind and sun. The cockpit is equipped with a hydraulic platform for even more comfort.

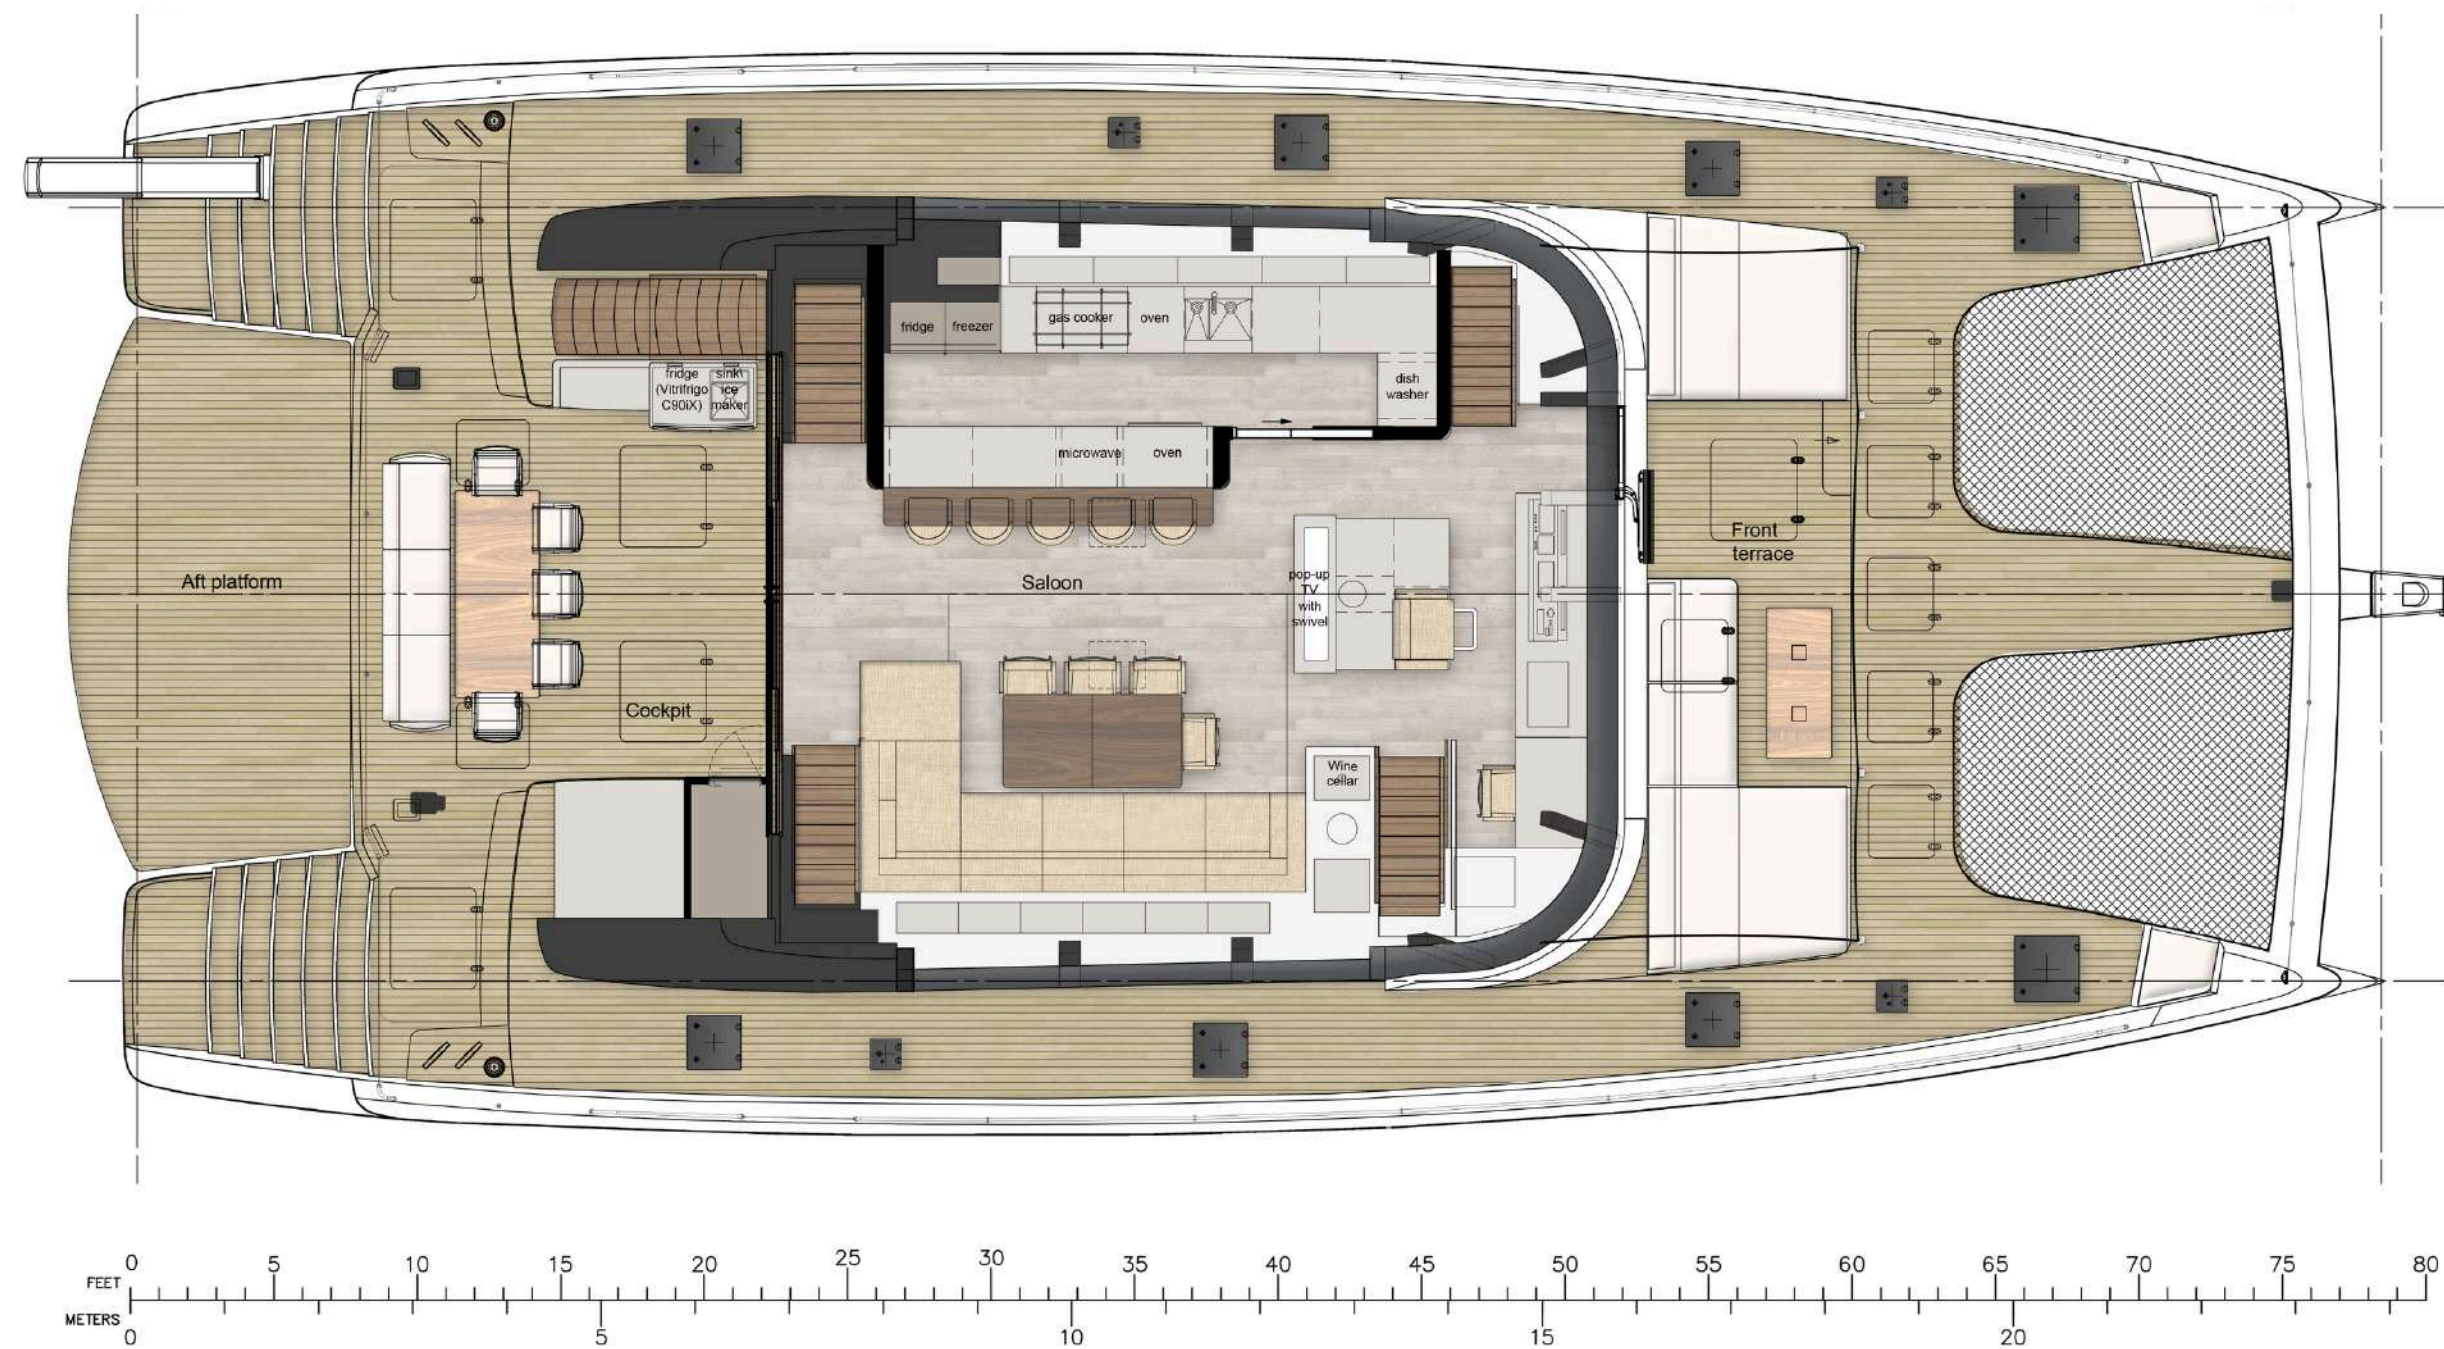

All these areas flow into a large semi-open saloon where freedom and creativity reign.

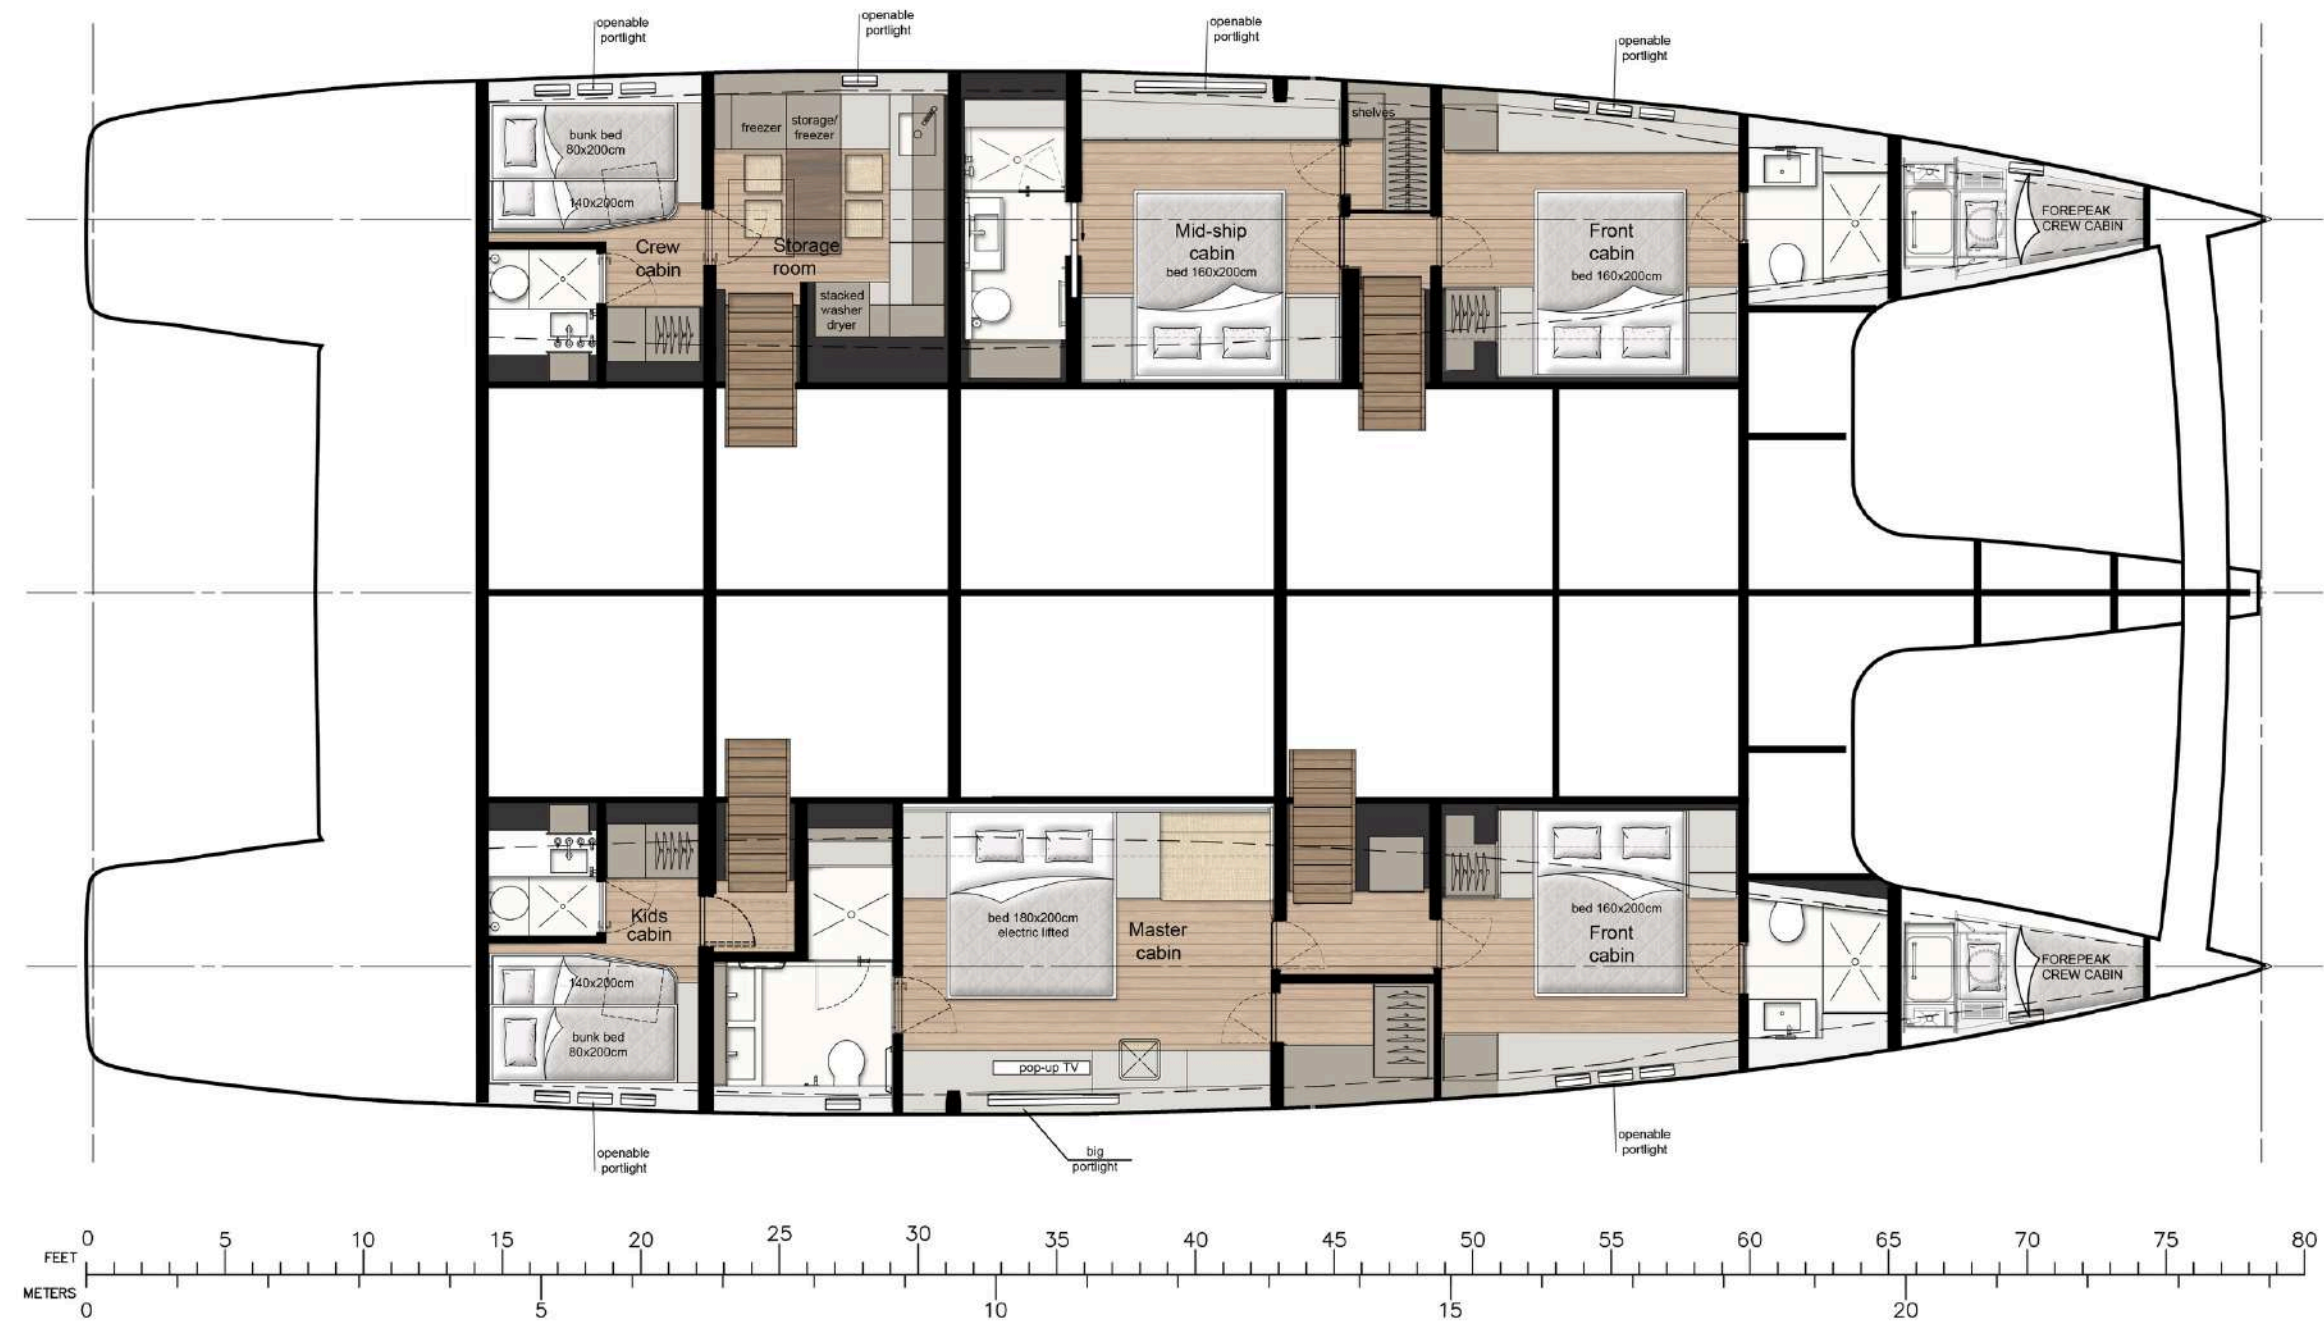

The 54m² upper deck is dedicated to the art of living at sea. There is a large dining table, movable furniture, a bar with barbecue and sunbeds.

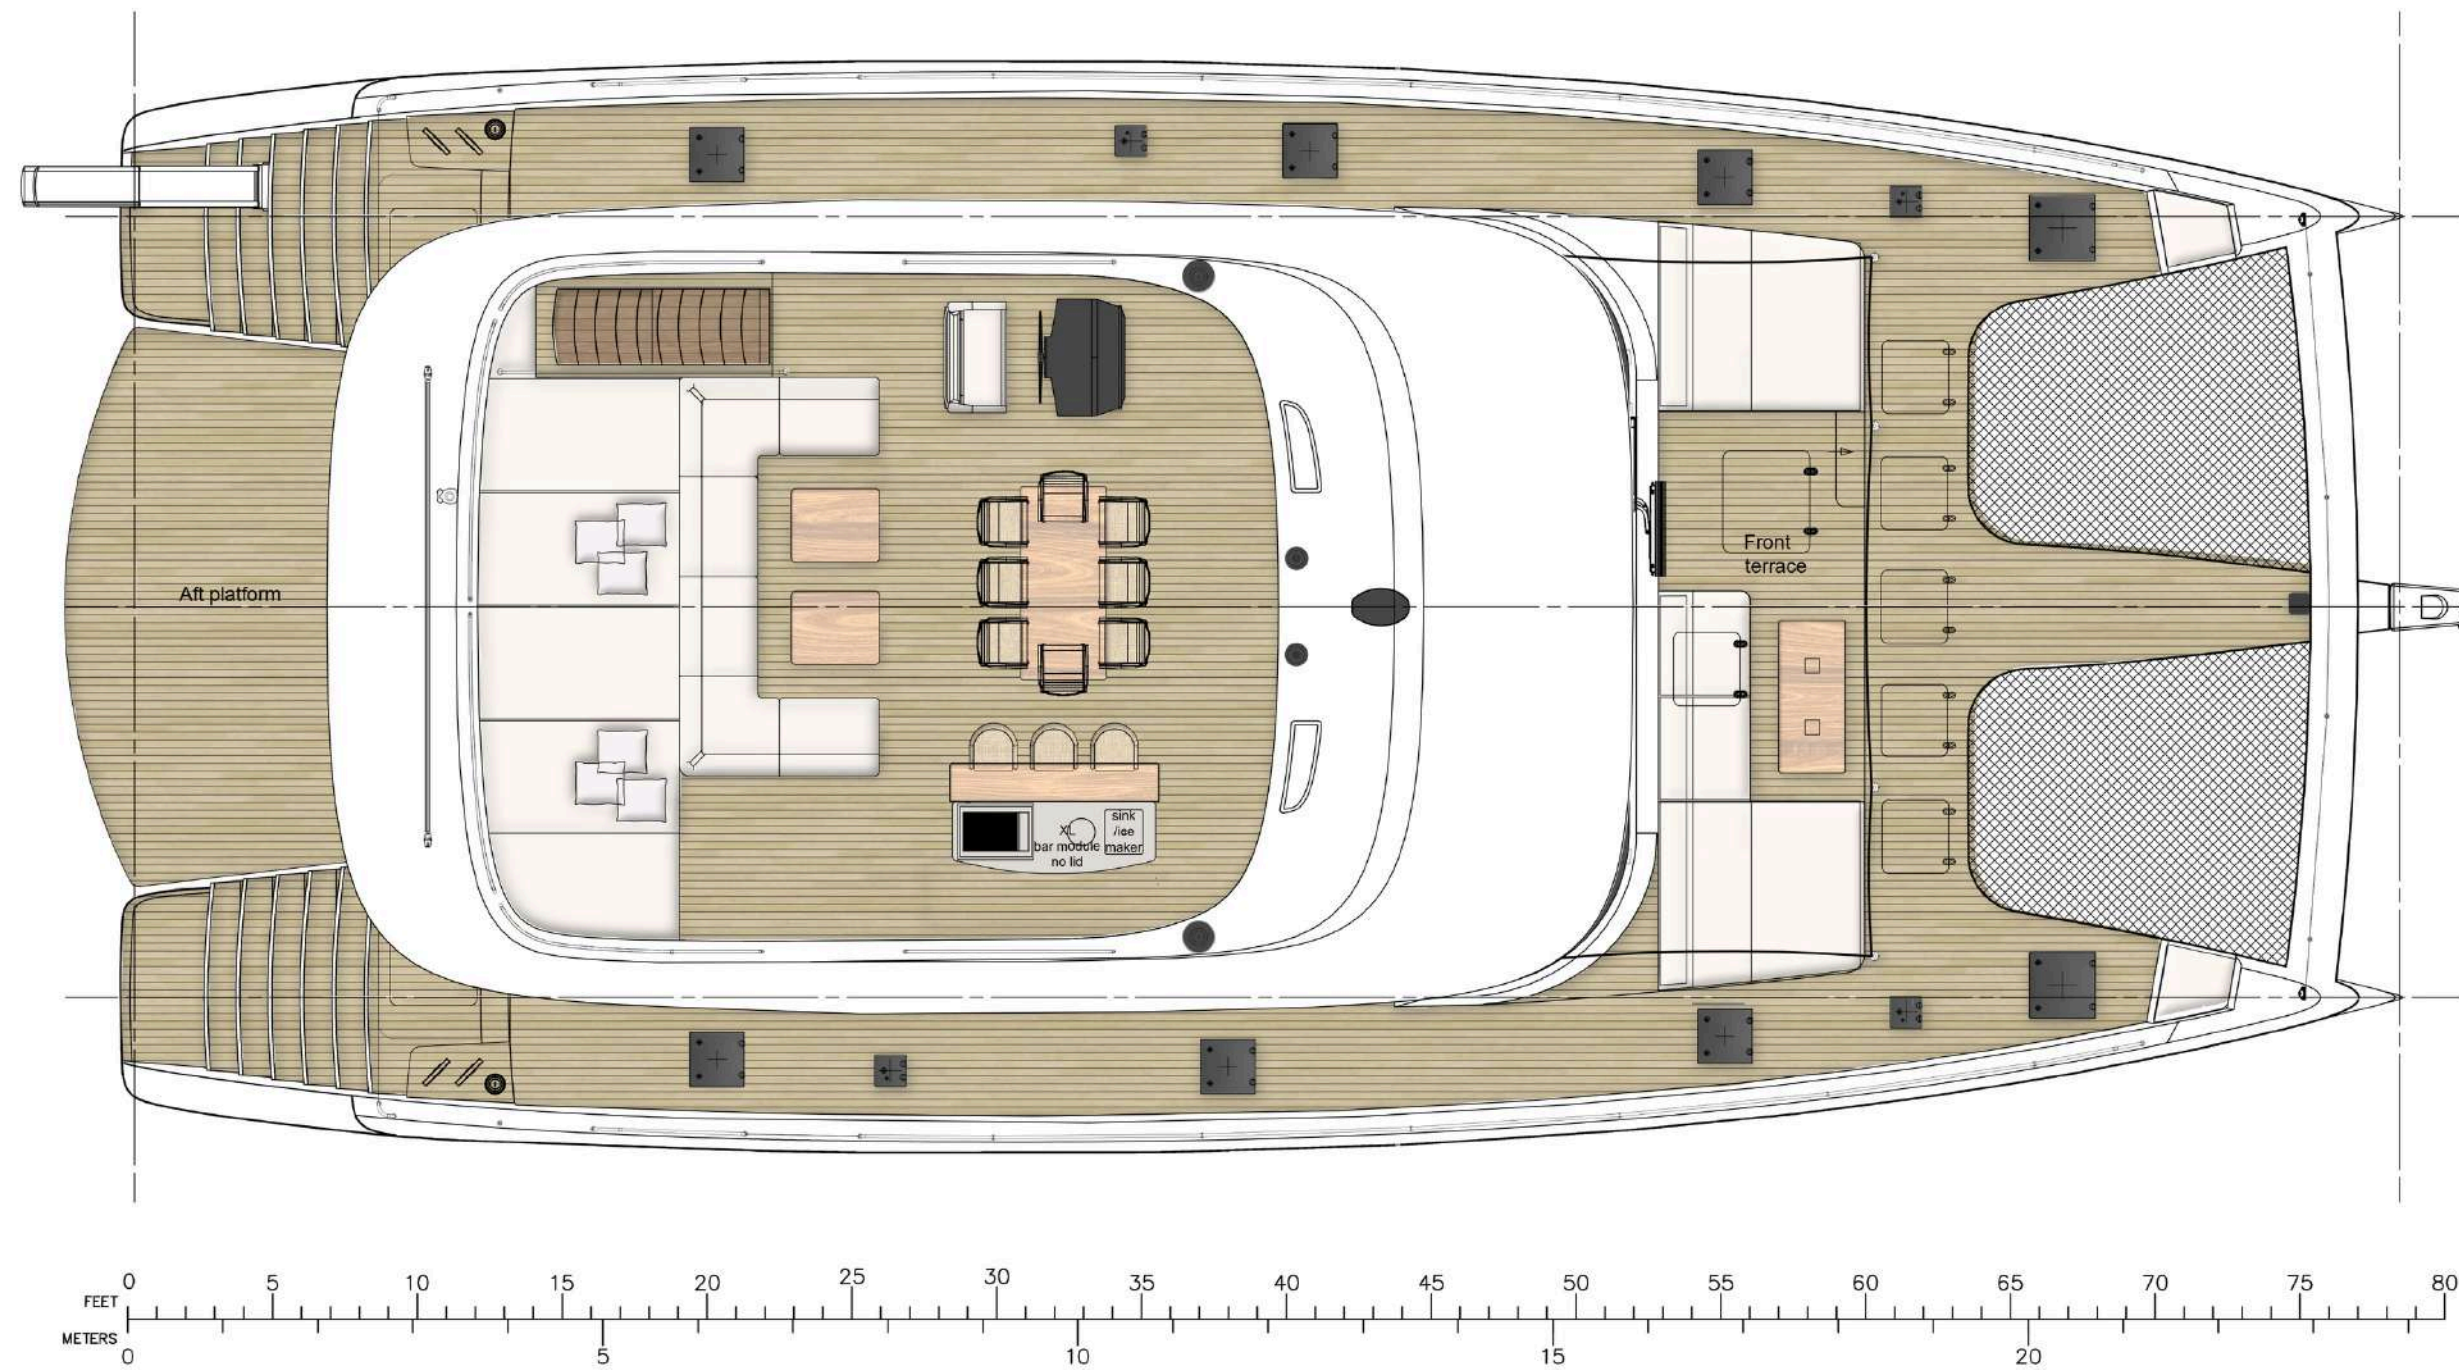

The hulls offer exceptional volume, making it easy to create a personalised layout with luxurious guest cabins and a spacious owner's suite with a large dressing room, desk, sofa, retractable TV and a huge bathroom.

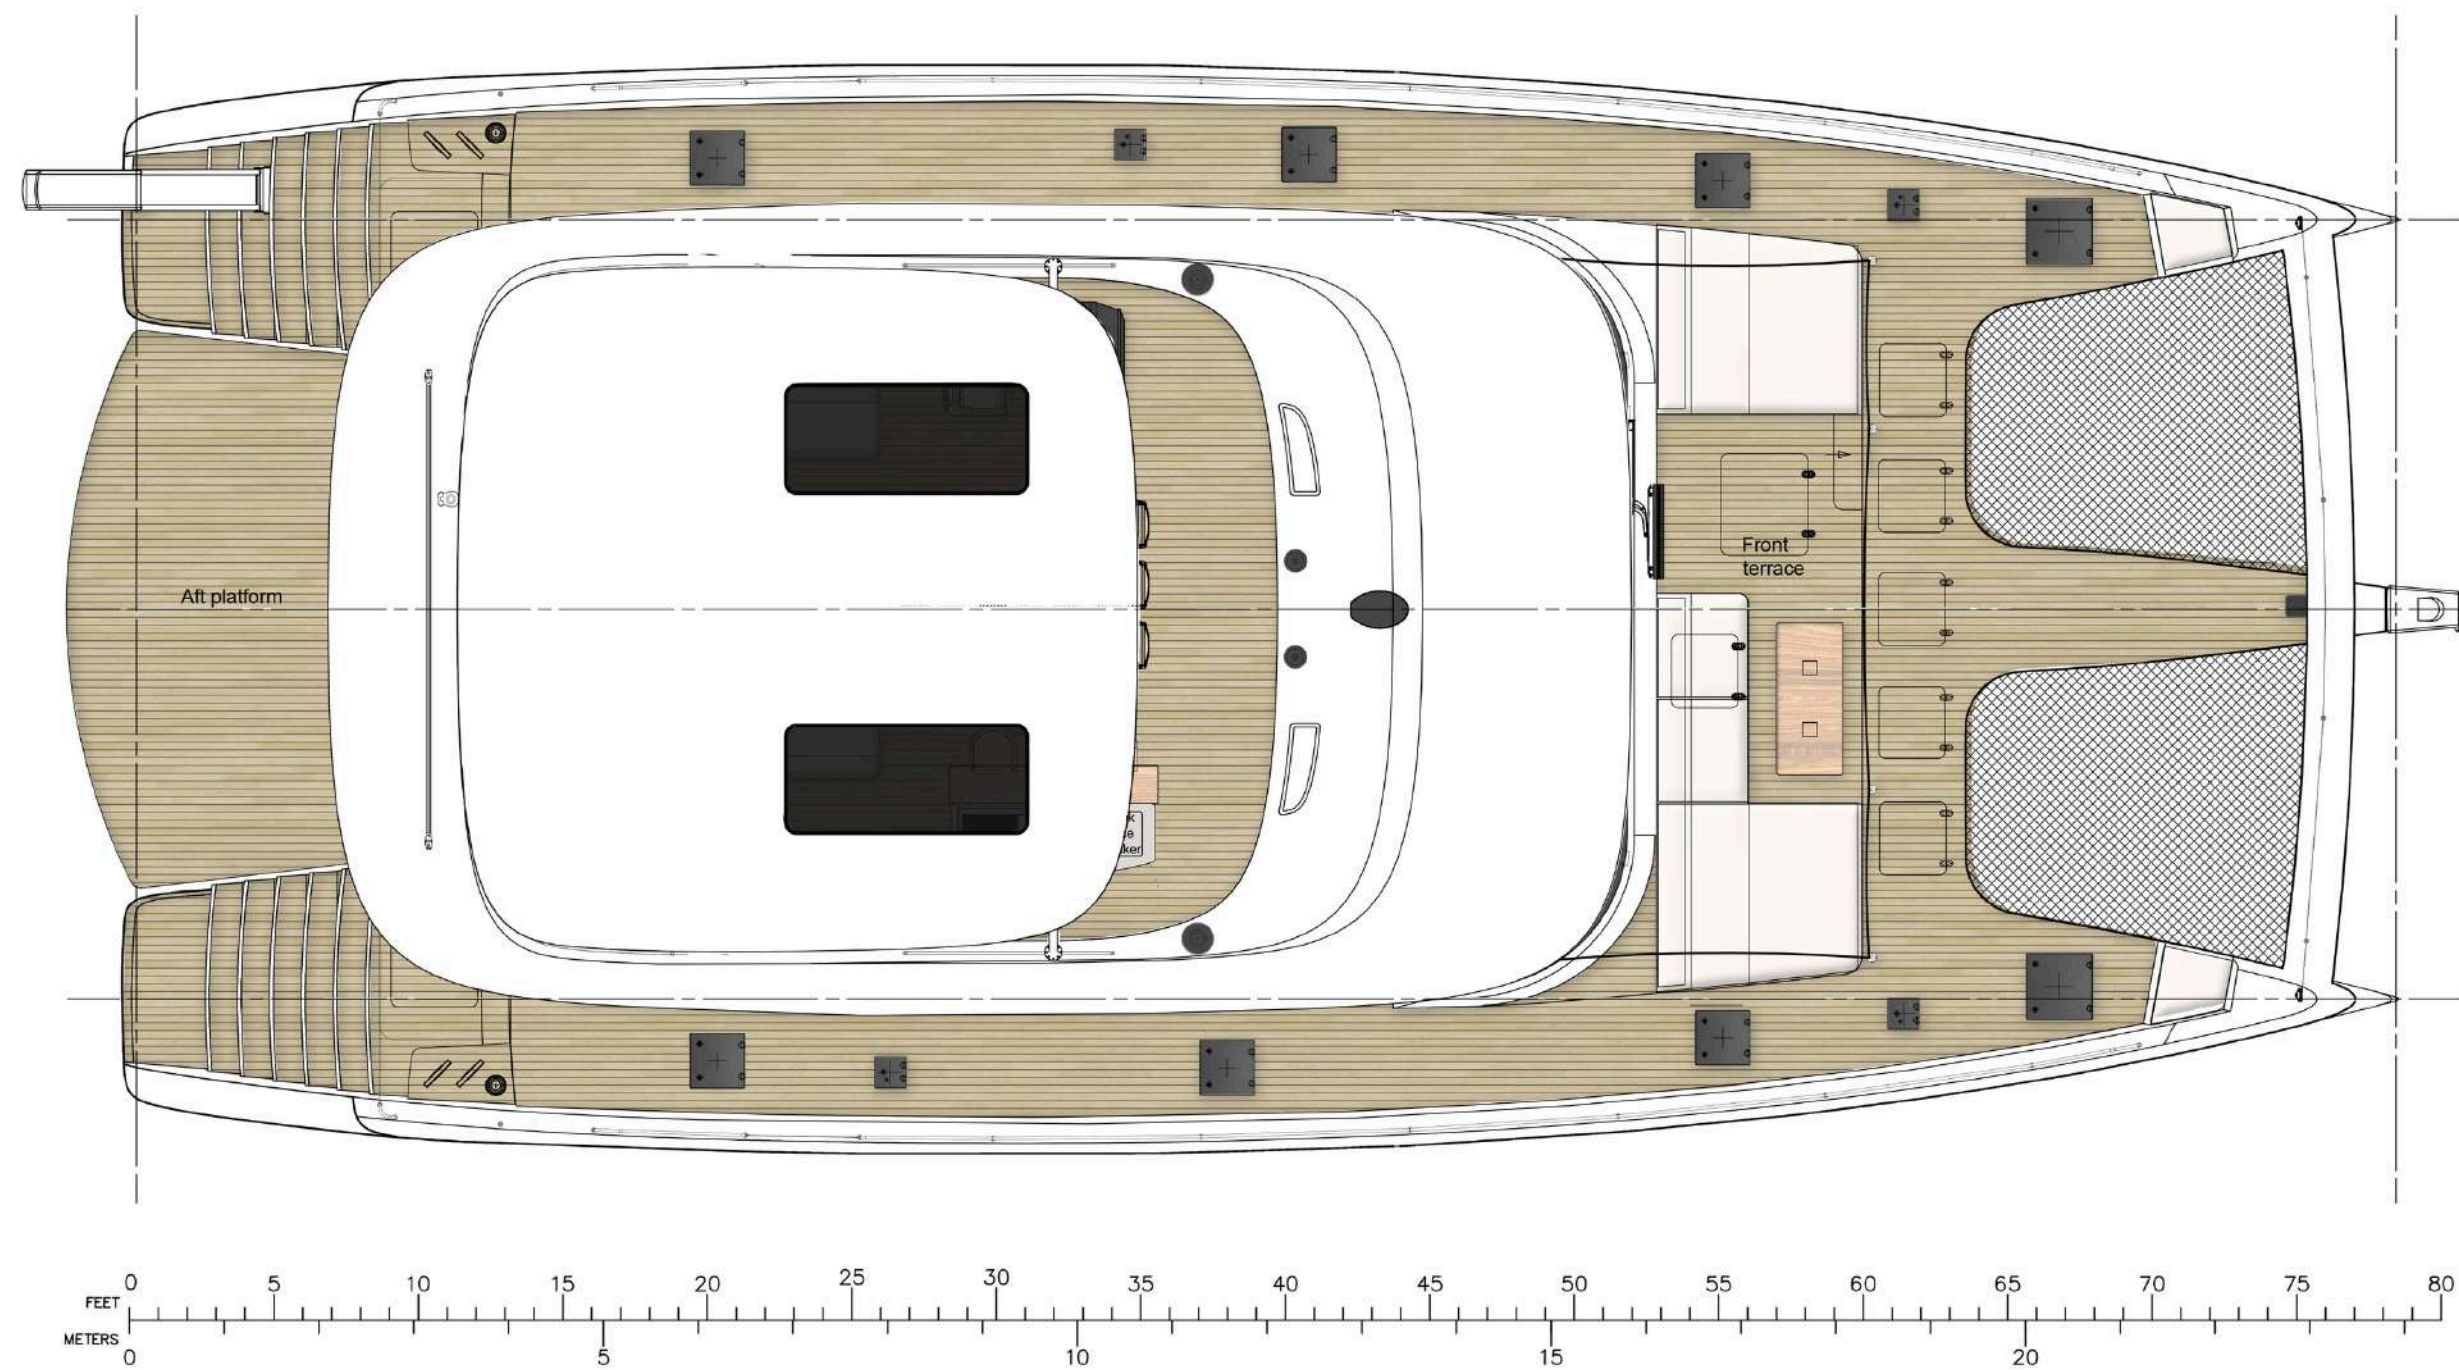

The Sunreef 80 is fully air-conditioned.

The catamaran is equipped with a mainsail, a genoa and a gennaker.
